**ROTARY FOUNDATION:** **Marilyn Walter** (right) reminded members it's 100 years since Rotarians came up with the idea of setting up an endowment fund 'for the purposes of doing good in the world'. In 1929 the Rotary Foundation made its first gift of \$500 to the International Society for Crippled Children – the beginning of a sustained series of donations to support projects that change lives both close to home and around the world.

Marilyn singled out the continuing priority of eradicating polio and how the RF works in association with WHO, UNICEF and eg the Bill & Melinda Gates Foundation. In 1988 polio existed in 125 out of 196 (64%) of countries in the world. Today there are only three countries with endemic polio – some 2.5 billion children have been immunized against it.

RF grants have empowered Rotarians to devise and implement strategies and programs to alleviate poverty, illiteracy and malnutrition – with sustainable solutions that have a lasting impact.

Over the month of November, **Bruce Spinks, Michelle & Simon Swan** will be sharing examples of humanitarian service initiated by Rotarians and supported by RF:

- 14 Nov – Bruce on peace & conflict resolution
- 21 Nov – Michelle on economic & community development
- 28 Nov – Simon on providing clean water

RF works on the local level too: half the money that D9700 donates to RF will be returned to the District in three years' time. Local clubs can apply for funds to support their own humanitarian projects, scholarships and training.

**COMMUNITY SERVICE:** **Deidre Tome**, in the absence of **Angela Metcalfe**, reminded members:

- Sat 11<sup>th</sup> Nov: working on the community gardens at Wagga Multicultural Council from 8.30am
- Last Sunday in Nov: Dragon Boats regatta
- 1<sup>st</sup> two weekends in Dec: Xmas trees sale

**VOCATIONAL EVENING:** **Bob Martin** reported on the success of the recent robotics evening at Koorlingal HS, followed by a congenial dinner at the Koorlingal Hotel.

Next vocational meeting will be last Tuesday in January 2018 at the RAAF Heritage Centre.

**FINES:** because there was no sergeant-at-arms this morning, 'random' fines were called for, raising \$84.05.

**PROGRAM:** Melbourne Cup Day celebration

**Dawn Smith** introduced well-known race-caller **Alan Hull** *(right)* to contribute his long-standing prophetic performance of today's Melbourne Cup.

When Alan moved to the front, members had already bought tickets in the sweeps organised by **Rodney & Elizabeth Parsons** *(below)*.

From behind his Zeiss binoculars, the preferred tools of race-callers around the world – because their 10x50 magnification allowed for best 'field of vision' of a race – Alan talked about the importance of a race-caller's 'one set of eyes' in contrast to the multiple lenses of TV & digital cameras covering every race. He pointed out there was lots of blue in the colours of horses & jockeys in this year's MC so it required concentration to

distinguish riders. Alan said there were only three Australian horses in this year's cohort, including 'Single Gaze' (the hope of Gundagai) – making it very hard to 'call' the race. Most came from overseas: UK, Ireland, US, Japan etc. 'Who Shot the Barman' was, again, scratched.

Alan said the race would take about 3 min 20 secs and began, form-guide in hand, to direct members' attention to the assembled 23 horses ... and they were off! Alan directed our roars and guided us through his imagined drama of the jostling of the race, his voice rising and falling like a conductor of an orchestra as the mini-drama unfolded ...

In the end, Alan's winners were: 'Marmelo' (1<sup>st</sup>), 'Wall of Fire' (2<sup>nd</sup>), 'Red Cardinal' (3<sup>rd</sup>) ... with 'Wicklow Brave' in last place.

Sweep takings for the actual race would be: \$65 (1<sup>st</sup>), \$30 (2<sup>nd</sup>), \$15 (3<sup>rd</sup>) and \$5 (last).

**... and now, for some drollery ...**

A jockey was riding the favourite at a race meeting, and was well ahead of the field. His horse rounded the final corner, when suddenly the jockey was hit on the head by a turkey and a string of sausages.

He managed to keep control of his mount and pulled back into the lead, only to be struck by a box of Christmas crackers and a dozen mince pies as he went over the last fence.

With great skill he managed to steer the horse to the front of the field once more when, on the run in, he was struck on the head by a bottle of sherry and a Christmas pudding. Thus distracted, he succeeded in coming only second.

He immediately went to the race stewards to complain that he had been seriously hampered...

A teacher was accompanying a class of kids on a school outing. On the way, they stopped at the Motorway facilities for a drink and a pee. Some of the little boys were having trouble because of the height of the urinals, so the teacher went in to help them. One after one, she was lifting them up to pee. She couldn't help noticing that one little feller was extremely well endowed and said to him, "you're not one of my class are you?"

The little feller turned round and said, "Too right I'm not. I'm a jockey on my way to Flemington, but thanks for lifting me up!"

Paddy and his two friends are talking at work. His first friend says: "I think my wife is having an affair with the electrician. The other day I came home and found wire cutters under our bed and they weren't mine."

His second friend says: "I think my wife is having an affair with the plumber the other day I found a wrench under the bed and it wasn't mine."

Paddy says: "I think my wife is having an affair with a horse." Both his friends look at him with utter disbelief. "No I'm serious. The other day I came home and found a jockey under our bed."
